August 12, 2005

Mr. Greg Kapoian
Quality Director
Smiths Tubular Systems- Laconia
93 Lexington Drive
Laconia, NH 03247-0678

Dear Mr. Kapoian:

This is in reply to Lewis & Saunders letter dated July 28, 2005, advising the FAA of the name change from Lewis & Saunders , Inc. After Market Operations to Smiths Tubular Systems-Laconia, Inc. Doing Business As Lewis & Saunders, with respect to approval of Lewis & Saunders as an approved manufacturing location for your TSO hose assemblies.

The TSO authorizations currently held by Smiths Tubular Systems are hereby amended to add Lewis & Saunders, 144 Lexington Drive, Laconia, NH 03247-0678 as an approved manufacturing location for the following hose assemblies:

	TSO-C53	
<u>Series and Hose Size</u>		<u>Type</u>
130 Series, Sizes 6, 8, 10, 12, 16Z, and 20Z		B
	TSO-C75	
<u>Series and Hose Size</u>		<u>Type</u>
130 Series, Sizes 6, 8, 10, 12, 16Z, and 20Z		IIIA-S/P
	TSO-C140	
<u>Series and Hose Size</u>		<u>Type</u>
130 Series, Sizes 6, 8, 10, 12, 16Z, and 20Z		III

The quality control procedures contained in Smiths Tubular Systems Quality Policy Manual, Rev. 10, dated April 4, 2005, Lewis & Saunders Aftermarket Operations Quality Manual, Rev. NC, dated April 27, 2004, and Lewis & Saunders Operations Manufacturing and Control Procedures Manual, Rev. C, dated October 6, 2004, are considered adequate in accordance with FAR 21.143. Lewis & Saunders is hereby

authorized to identify the above cited hose assemblies with the applicable TSO markings, subject to the provisions and restrictions of FAR 21. Copies of the cited quality control manuals are being retained at the Burlington, MA MDO.

Sincerely,

for *Temple*

Mr. Richard B. Noll
